# COVID-19 PANDEMIC HEALTH PROTOCOL

Updated on 08/09/2021

## BEFORE THE EVENT

We shall inform the organizer of which services can and cannot be provided, in view of the public health regulations currently in force.

The Health Protocol may change over time and includes all the successive versions that may be updated in order to reflect the said changes. The successive versions will be sent to the Client for acknowledgment of receipt.

✦ We ask that the event organizer provide us with the list of participants and their contact details so that the Barrière establishment can contact them promptly should anyone test positive for Covid-19 while their event is taking place, and insofar as it has been made aware of this result.

✦ This data (last name, first name, telephone number and email address) is personal data which the Barrière Establishment undertakes to use solely for the purpose of informing the organizer and the Regional Health Agency of the existence of a positive Covid-19 case at the event. The Barrière Establishment undertakes to destroy this data within 15 days of the end of the event without keeping a copy, in compliance with the regulations on the protection of personal data.

✦ The legal rider specific to Covid including the «pass sanitaire» (or proof of Covid-19 status) requirements must be signed by the organizer and sent to the establishment before the event.

# GENERAL PROTOCOL

- ♦ The organizer undertakes to verify and ensure that event participants comply with the stated health protection measures and regulations (wearing a mask and keeping a physical distance) during the event.
- ♦ The organizer must refuse entrance and access to anyone without a valid «pass sanitaire» (proof of Covid-19 status) in compliance with June 1, 2021 decree and amendments.
- ♦ A valid «pass sanitaire» (proof of Covid-19 status) will be required to access.
  - Meeting rooms and lounges with a 50+ participants capacity in our hotels
  - Bars, restaurants, food and beverage service areas
  - Casinos and their meeting rooms and lounges
- ♦ The organizer must check the participants' pass sanitaire each time and in each space required by the authorities.

# LOUNGES

✦ If the «pass sanitaire» is not required (professional meetings/ seminars and events with less than 50 people without catering), the 1-meter safety distance between participants in the lounges will be maintained i.e. every second chair will be removed from the rooms.

✦ The spaces and furniture are to be disinfected in line with an improved cleaning protocol and the paperboards and markers are to be cleaned after each use.

✦ Participants must wash their hands before using self-service equipment.

✦ Hand sanitizer gel is to be made available to participants in the meeting room.

✦ Signs are to be displayed in the lounges to remind all participants of the guidelines.

✦ There will be no breaks for groups to mingle. They will be provided exclusively in the lounges. The self-service hot drink machines are disinfected before and after service. Hand sanitizer gel is to be made available to the customer.

## FOOD & BEVERAGE

- ◆ Seated lunches or evening meals are permitted, in line with the health protocols for individual dining services:
  - All guests must wear a mask while moving in and around the dining areas.
  - One to two hand sanitizer gels are to be provided on the table for customers to use.
- ◆ The dining areas and kitchens are disinfected in accordance with a specific cleaning protocol (standards for hotels, cafés and restaurants).

## CLOAKROOMS

### **If a cloakroom is required:**

- ◆ A bottle of hand sanitizer gel is to be made available on the cloakroom desk.
- ◆ In the cloakroom, each coat is to be wrapped or protected in a garment cover.
